## EXECUTIVE ORDERS

Executive Order 16-10

In fall 2016, a new [Executive Order](#) was issued authorizing the Governor's Committee to End Homelessness (GCEH) to continue meeting until December 31, 2020. This order continued additional provisions from the prior order of 03-17.

Executive Order 12-12

[Executive Order](#) continued GCEH until December 31, 2016.

Executive Order 08-38

[Executive Order](#) which designated Salvation Army to be a member of the GCEH.

Executive Order 03-17

[Executive Order](#) which sets forth many of the requirements of the GCEH which continue in all other Executive Orders such as an annual report to be distributed to key leadership and the department membership.

From Executive Order 03-17

"The purpose of the Governor's Committee to End Chronic Homelessness is to develop a plan that will establish strategies to promote public and private coordination and collaboration, evaluate and reallocate resources, remove barriers to access of housing and services, and promote and support activities that prevent homelessness. The Governor's Committee to End Homelessness will work with the other Continuum of Care committees in the state to integrate and coordinate their local plans with the State Plan to End Chronic Homelessness."

## 2017 APPOINTMENTS\*

On April 13, 2017, Governor Greitens [appointed](#) new committee members including legislators.

Today, Governor Eric Greitens appointed Senator Jamilah Nasheed, Representative Bruce Franks, Representative Kevin Corlew, and St. Louis radio host and philanthropist LaTeacha Tighe to the Governor's Committee to End Homelessness.

The committee, originally established via executive order by then Governor Bob Holden and extended under later Governors, was created to examine resources available and best practices to help end homelessness in the state. The committee will consider what steps other states have taken and examine how those states have coordinated local and national resources.

"We have a duty to help our most vulnerable citizens," said Governor Greitens. "I look forward to the leadership Senator Nasheed, Rep. Franks, Rep. Corlew, and Ms. Tighe will bring to this committee."

# SECTION 2: History and Overview of Committee

## HISTORY

The Governor's Committee to End Homelessness (GCEH) was established in 1987. The establishment of the GCEH was in response to two federal initiatives. One was the establishment of the United States Interagency Council on Homelessness (USICH). The second was the McKinney–Vento Homeless Assistance Act.

On November 7, 2003, the GCEH was officially established with the Missouri Office of Boards and Commissions. The GCEH has met continuously since its establishment.

In order to apply for HUD McKinney-Vento funding, agencies must apply through an established Continuum of Care (CoC). Missouri has eight established CoCs (See Section 6). Historically, the GCEH has been the governing body for the Balance of State CoC with Missouri Housing Development Commission (MHDC) as the lead agency for the Balance of State. In late 2010, the GCEH re-structured in light of the historic McKinney-Vento reauthorization, also known as the HEARTH Act of 2009. The GCEH established new committees with the goal of the GCEH to focus on statewide advocacy and planning as required by HEARTH. A new Executive Order for the GCEH was signed on December 31, 2012 and the current Executive Order 16-10 by Jay Nixon reauthorized the GCEH through December 31, 2020.

A current membership list is included in this report (Section 4).

The GCEH website is: <https://www.endhomelessnessmo.org> and is maintained by MHDC. Information about meetings, membership, Missouri continua and related information can be found on this website.

## OVERVIEW

The GCEH focuses on the tasks as set forth in the original Executive Order. GCEH members capitalize on statewide planning and collaboration opportunities to prevent and end homelessness in the state. GCEH facilitates statewide advocacy through collaboration and coordination of housing resources by key federal and state agencies, along with representation from all eight Missouri Continua.

All Continua collaborate to distribute resources to agencies and other non-profits across the state. In addition, GCEH members evaluate resources, work to remove barriers to accessing housing and services and provide crucial information regarding funding opportunities to agencies throughout the state. The input and collaboration of all eight Continua allows providers to share information and stay current with changing legislation and HUD policies.

A Point-in-Time Count (PITC) is required by HUD every other year. The PITC is a 24-hour period in which individuals and families who are homeless are counted in the state of Missouri. The

GCEH works with all Continua in the state to conduct the count the last Wednesday every January.

The GCEH standing committee currently only includes one, an Executive Committee. When needed ad hoc committees are created such as a Nominating Committee to determine the Executive Committee and a recently formed Action Plan Committee to review the state plan to end homelessness (see Section 7).

The Executive Committee meets as needed to work on new member orientation, meeting agenda content, attendance monitoring, appointment of additional committees as needed, completion of the annual report, and coordination of statewide efforts to end homelessness.

Although not currently a committee under bylaws, the MC2 or CoC workgroup meetings occur before the GCEH meetings are used to report on progress of system change strategies. Additionally, the workgroup provides an opportunity for all Continua to discuss important changes such as the coordinated entry, determining how to measure and reward performance, the importance of data and HMIS system readiness, along with core HEARTH measures such as reducing new episodes of homelessness, reducing the length of homelessness and reducing the rate of returns to homelessness.

## **2017 HIGHLIGHTS**

The GCEH has historically been the governing board for the Balance of State Continuum of Care which largely guided the committee's overall direction and committee structure. During 2016-2017, the Balance of State transitioned to its own governing board similar to the other seven Continua in the state. As such, this has been a time for transition for the GCEH as we repurpose our direction to align with other state Interagency Councils.

The GCEH surveyed participants regarding the topics they would like included during the 2017 year as well as how frequently to meet and what can enhance the work of the committee. As such, we re-evaluated our mission statement and bylaws to align with the change in purpose.

MHDC agreed to continue to oversee the GCEH website after the Balance of State transition and created a new listserv to send meeting announcements See [sample](#).

On March 28, 2017, the GCEH Vice-Chair testified to the House Sub-Committee on Boards and Commissions regarding the work of GCEH.

# SECTION 7: State Plan to End Homelessness

## Missouri Aligns with Opening Doors to Prevent and End Homelessness in the State

Information is also available from GCEH [website](#).

In 2010, the United States Interagency Council on Homelessness (USICH) presented the nation's first ever comprehensive Federal Strategic Plan to Prevent and End Homelessness called *Opening Doors*. The vision of Opening Doors is: No one should experience homelessness. No one should be without a safe, stable place to call home.

As the GCEH works to end homelessness statewide it has aligned with [Opening Doors](#) to create a plan. It will be revised in 2018 and GCEH is currently discussing feedback it can provide to the federal plan.

There are six core values reflected in Opening Doors:

- Homelessness is unacceptable.
- There are no "homeless people," but rather people who have lost their homes who deserve to be treated with dignity and respect.
- Homelessness is expensive; it is better to invest in solutions.
- Homelessness is solvable; we have learned a lot about what works.
- Homelessness can be prevented.
- There is strength in collaboration and USICH can make a difference.

The plan is focused on four key goals:

- Finish the job of ending chronic homelessness in 5 years
- Prevent and end homelessness among Veterans in 5 years
- Prevent and end homelessness for families, youth, and children in 10 years
- Set a path to ending all types of homelessness

The Governor's Committee to End Homelessness (GCEH) which includes membership from all eight Missouri Continua of Care is dedicated to working together to prevent and end homelessness in Missouri. The GCEH is proud to embrace the vision of Opening Doors and has aligned the mission of Missouri homeless assistance agencies with the core values and goals reflected in the federal plan.

Opening Doors outlines five themes that incorporate the 10 national objectives set forth in the plan:

Objective 1: Provide and promote collaborative leadership at all levels of government and across all sectors to inspire and energize Americans to commit to preventing and ending homelessness

Objective 2: Strengthen the capacity of public and private organizations by increasing knowledge about collaboration, homelessness, and successful interventions to prevent and end homelessness

Objective 3: Provide affordable housing to people experiencing or most at risk of homelessness

Objective 4: Provide permanent supportive housing to prevent and end chronic homelessness

Objective 5: Increase meaningful and sustainable employment for people experiencing or most at risk of homelessness

Objective 6: Improve access to mainstream programs and services to reduce people's financial vulnerability to homelessness

Objective 7: Integrate primary and behavioral health care services with homeless assistance programs and housing to reduce people's vulnerability to and the impacts of homelessness

Objective 8: Advance health and housing stability for youth aging out of systems such as foster care and juvenile justice

Objective 9: Advance health and housing stability for people experiencing homelessness who have frequent contact with hospitals and criminal justice

Objective 10: Transform homeless services to crisis response systems that prevent homelessness and rapidly return people who experience homelessness to stable housing

Each Missouri Continuum of Care (CoC), with support of the Governor's Committee to End Homelessness, has developed a CoC Action Plan that helps to align Missouri as a state with the national objectives of Opening Doors.
